

# BUDGETING 101:

## Unlocking Financial Potential with The Office of Economic Empowerment (OEE)

Join us for an overview of the programs and services offered by OEE that can help you learn how to confidently manage your money and plan for your family's future.

### BabySteps

BabySteps is a program offered by State Treasurer Deborah B. Golberg that provides \$50 to Massachusetts families to save toward their children's education through a partnership with MEFA (Massachusetts Education Financing Authority) to open a 529 Savings account.

### Worth & Wealth

Worth & Wealth/Valor y Dinero seminars are financial education webinars available to all. These workshops range from a mix of financial topics, and they are offered in English and Spanish.

Hosted by:

### Enrich

Enrich is a self-paced financial education platform that is free for all Massachusetts residents. Based on initial information shared by the user, and a person's preferences and life stage, Enrich will suggest videos, articles, learning modules, and other tools to support money management questions.

### Community Ambassadors

Our Community Ambassadors are OEE representatives with a mission to inform communities about OEE resources. Ambassadors coordinate presentations and financial education workshops through partnerships with banks and organizations.
